To: Honeywell PPE Respiratory Customers
Subject: Recission of NIOSH Approvals
Date: July 1, 2022

Honeywell PPE Respiratory is rescinding the National Institute for Occupational Safety and Health (NIOSH) certification of discontinued respirators, effective immediately. These respirators were sold under several brands, including Honeywell North and North Safety. Most of these respirators have been off the market for years, and replacement components are no longer available. Please note that once a NIOSH approval is rescinded on a respirator, the respirator is no longer approved for use in an occupational setting.

The products are listed below with the TC (Tested and Certified) numbers as reference.

For more information and technical assistance contact the Tech Support Team at 1-800-873-5242.

We appreciate your business and thank you for your continued support of Honeywell PPE Respiratory.

Thank you,
Honeywell PPE Respiratory
